

National Emergency Communications Plan (NECP) Goal # 2 Reporting

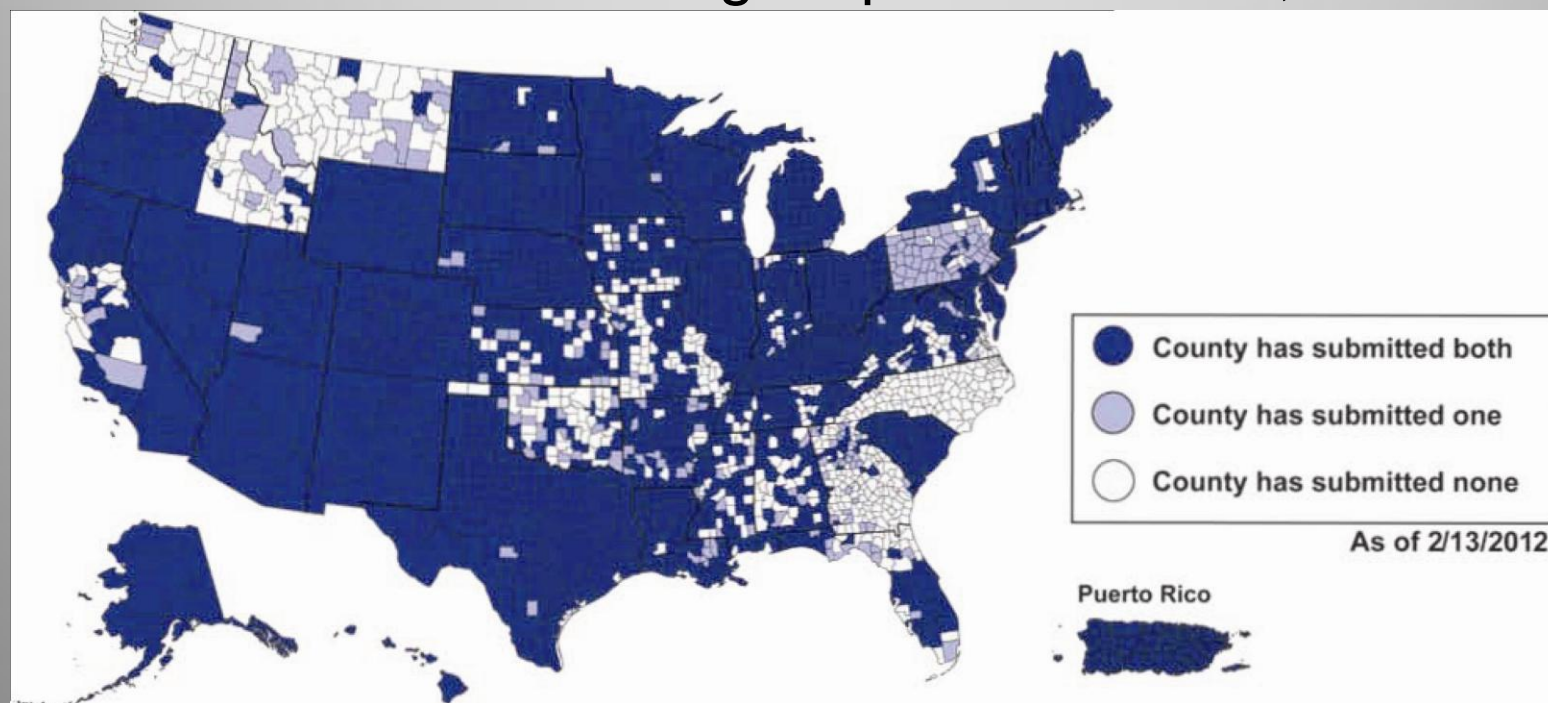

National Emergency Communications Plan (NECP) Goal # 2 Reporting

- Dept. of Homeland Security's Office of Emergency Communications (OEC) vision for emergency communications in the US.
- "By 2011, 75 percent of all non-urban jurisdictions are able to demonstrate response-level emergency communications within one hour for routine events involving multiple jurisdictions and agencies."

NECP Goal # 2 Reporting Status for MT

- Data was supposed to be submitted in the fall of 2011.
- Two reports required:
 - Communications Capabilities
 - Performance Data
- Here is a national tracking map from Feb. 13, 2012:

Consequences

- OEC provides direct support to state, local, and tribal emergency responders and government officials via its Technical Assistance program in the form of:
 - Training
 - Tools
 - Onsite assistance
- TA support covers all five lanes of the SAFECOM Interoperability Continuum
- Montana's access to OEC-sponsored TA was in jeopardy if it did not submit a plan for increasing county reporting.

Interoperability Continuum

Montana Plan for Obtaining Remaining Reports

- **Awareness:**

- Building awareness of need via *Heard Across Montana (HAM)*, a bi-weekly electronic newsletter.
- Leveraging with Statewide Interoperability Governing Board (SIGB).
- Information and forms on PSSB website.

- **Outreach and Recognition:**

- Working with Montana Disaster and Emergency Services (DES) regional staff and local representatives
- Leveraging with narrowbanding and statewide planning contacts.
- Recognizing accomplishments in the HAM and other vehicles.

Montana Plan for Obtaining Remaining Reports

- **Training:**

- Conducting four workshops around the state with OEC assistance

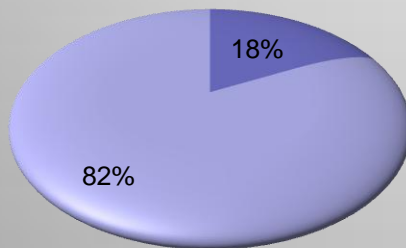

- **Executive Appeal:**

- Elevation to state and county leadership with a minimum of a 75% compliance goal.

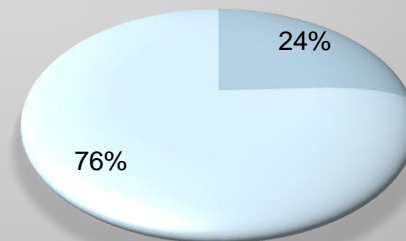

Status of NECP Goal # 2 Reporting

- **Results since April 13, 2012:**
 - 67% increase in Performance Data Reporting
 - 30% increase in Capabilities Reporting

Performance

Capabilities

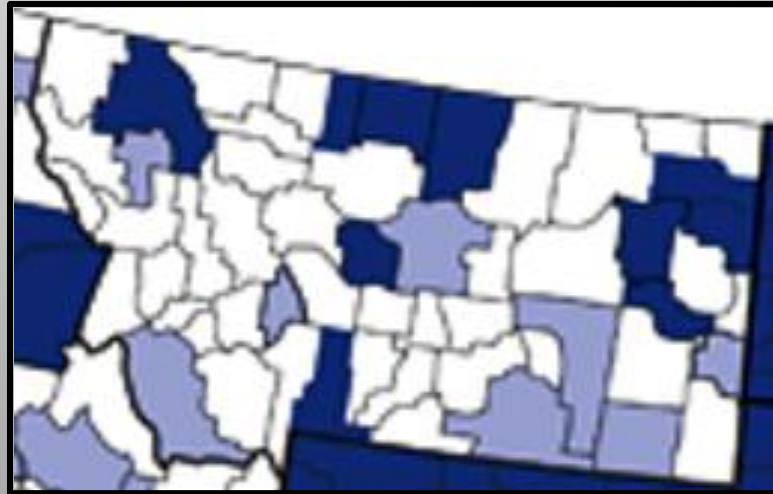

- Still have a ways to go:
 - 39 more capability reports
 - 44 more performance reports
- Challenge: Local reporting agencies are autonomous

Comparison Tracking Maps - Montana
